

## About the Course

The course is the accredited Emergency First Aid at Work course, and as such stands on its' own. The PMLD element comes into adapting first aid to the particular needs of people who have a PMLD, so we pay additional regard to CPR when someone has a compromised body shape, epilepsy management, postural care, and airway management. This course includes AED training- Automated External Defibrillator.

## At the Course

- ➔ Generally this one day course will run from 09:00 to 17.00
- ➔ All participants will receive first aid book and first aid kit to take away
- ➔ Your certificate will be posted to you including a card to carry in your wallet
- ➔ Bring your own packed lunch - tea and coffee provided
