2 day

About the Course

Profound means deep. People with profound learning and multiple disabilities are some of the most complex people that we work with. They often don't communicate verbally or in a way that we readily understand. If we are to truly support them to lead valued and inclusive lives we must try to be experts in understanding them, their communication and the ways in which they interact with the world around them.

This 2 days course is led by experts in their field. It will support you in understanding and explore strategies which help the people you are engaging with. It will also provide you with increased confidence to understand the reasons for some of the sensory-behaviour challenges you face on a day to day basis.

Knowledge and understanding of sensory integration as well as communication, behaviour and active support will be enhanced. There will be practical experience, advice and strategies over the period of the course.

At the Course

- ➔ Generally both days will run from 09:30 to 16.30
- ➔ Lunch, tea and coffee provided
- ➔ All participants will gain access to the PAMIS online Learning Hub for additional resources and further discussion
